

# Gentle Care Dental puts a smile on your face

If you're looking for a dental facility in the South Bay area of Southern California, that can take care of yours and that of your family's dental health for a lifetime, check out Gentle Care Dental. Dental health practitioners, Dr. Diana Simbol and Dr. Maritess Tinoco would like to invite you to come and visit their well-appointed professional facility which exudes a welcoming, friendly atmosphere. Drs. Simbol and Tinoco have 26 years of dental health professional experience between them to handle even an extraordinary caseload of patients in the FilAm community.

The two dentists have been friends for life ever since they pursued their college education in dentistry as Doctors of Dental Surgery at the Centro Escolar University in the Philippines. The two friends practiced there for some time and eventually moved to the US, one following the other shortly after, in the mid '90s. Both promptly took the review board exams to get their professional licenses. After gaining valuable local experience working in big, corporate-owned dental companies for a considerable period of time, the two best friends for life, struck out on their own to pursue their dream of establishing their own dental practice. Since then, the two very personable dentists never looked back.

Dr. Tinoco seems to have the DNA wiring that explains her love for her profession. She comes from a family of dentists that stretches 2 generations back while Dr. Simbol, who comes from a family of medical practitioners, chose to go into dentistry intuitively knowing she would enjoy the challenge of becoming a dental health provider.

On television, there may be highly impersonal dental referral services that direct potential patients to dentists in their pre-screened network or database. But many FilAms still prefer and rely upon friends and family to find dentists that can take care of their dental needs for life. It is, after all, a personal matter. The process is slow but sure. Knowing that reputation is built one patient at a time, Drs. Simbol and Tinoco have chosen to build their professional practice as something that sets them apart by the quality of meticulous, gentle care and personal and individualized
