“The quest of every Filipino is honor, to be anywhere in this world and not be ashamed that millions of his countrymen suffer. It is only heroes who will extend their power and resources to help others beyond themselves.”

“We will work with everyone who wants to help our people rise from poverty – corporations, academic institutions, government agencies, religious organizations – as long as we do not compromise the values and principles which are foundational to our cause of nation-building.”

“I love the Filipino race, I love our country - and I know we have the potential for greatness. We are a people of enormous capacity for compassion in our huge hearts - this is not unique to the Filipino - but it is certainly one of our greatest strengths; the ability to connect, to feel for each other, to give, and to share.”

**Gina Lopez**  
*Managing Director, ABS-CBN Foundation*

“Social responsibility is at the very core of our existence as a media organization. As we go beyond being a business enterprise, the challenge to inform and empower becomes our commitment to serve. By championing noteworthy causes, we hope to inspire our community to cultivate a culture of giving that enables individuals to discover the best in themselves.”

**Asian Journal Publications**

“We believe that the essence of our corporate existence is our unrelenting passion to serve; to serve others beyond the door of our stores; to continue to build and strengthen our relationships with the Filipino communities at large. This is reflected in our unsparing support for the education of Philippine public school students, our contribution to the care and nutrition of underprivileged children and by providing homes and livelihood upkeep for our marginalized countrymen.”
