

Get a Recession-Proof Career at Premiere Career College

No wonder, more and more people are starting or switching careers into this recession-proof industry. And one such educational facility where they are getting trained and getting skilled to get hired in rewarding new jobs is at the Premiere Career College, located at 12901 Ramona Blvd, Irwindale, California.

Founded in 1991 as a premium Vocational Nursing School in Southern California, Premiere Career College offers specialized career training programs which include: vocational nursing, surgical technology, hospital central service technician, medical assisting, financial records, and general office.

Millicent H, a vocational nursing graduate, only has praises for the role Premiere College has played to improve her life. "They were able to make me reach my full potential. Encouraging me to further my studies. The school is very supportive and when we are in need, they would try to accommodate us as best as they can," she said of the school.

Another Premiere alumni, Rosa M, said, "I'm very happy because Premiere gave me the opportunity to learn and I feel that I'm ready to do something different in my life...get a better job!"

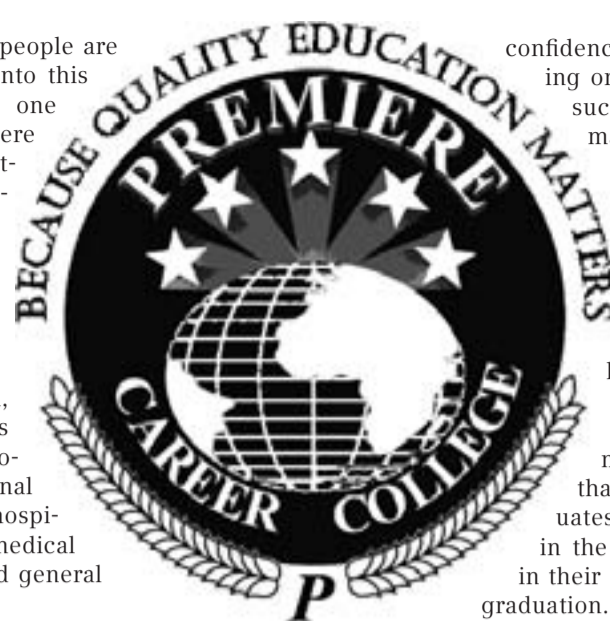

Premiere College offers education that is geared to give students the knowledge, hands-on experience and

confidence to pass any state/national licensing or certification exams and become successful in their new careers. It has many accreditations comparable to the top state universities, demonstrating the high level of performance, integrity and quality it delivers. More than 50% of the instructors are MD's and RN's with real-world experience in their fields, giving the inside knowledge needed to be successful in today's job market.

Another good thing that Premiere Career College boast about is that employers want Premiere graduates. More than 98% of new grads in the active job market are employed in their chosen field within six months of graduation. The school also offers flexibility in class scheduling. Day and evening classes are available, which allow students to work full-time.

Dr. Fe Ludovico-Aragon, Premiere Career College's Filipina executive director, invites interested FilAms to come to the school and look at the various options they offer for a highly rewarding and fulfilling career. "Because each potential student's case is unique, we would rather talk to you about fulfilling your dream in your future career. So please call us at 1-888-894-0426, drop by our facilities at 12901 Ramona Blvd Irwindale, California or email us at careers@premierecollege.edu. Financial assistance is also available so do come and discover how you can dramatically improve your life thru Premiere Career College," said Dr. Aragon.

(Advertising Supplement)

Despite news of job losses and unemployment numbers, the health care industry has actually continued to add jobs throughout this whole recession. Hiring has continued non-stop at hospitals, medical clinics and doctors' offices. According to the Bureau of Labor Statistics, close to half a million jobs have been created in the health care industry since the start of the recession more than a year ago.

"More than 98% of new grads in the active job market are employed in their chosen field within six months of graduation. The school also offers flexibility in class scheduling. Day and evening classes are available, which allow students to work full-time."
