

When the going gets tough, Galpin Honda is the name to rely on

These tough times have made us think not just twice, but thrice, when looking into buying a new car. Nowadays, it is only wise that we take into very careful consideration our spending habits when it comes to buying cars and our automotive needs. That is why it always pays to rely on a name you can trust when it comes to the best car deals and services. And that is what exactly Galpin Honda can give you.

There is no doubt that choosing Galpin Honda is the wisest decision you can make. Galpin Honda is located at the very accessible area in Laurel Canyon Blvd in Mission Hills and has brand-new facilities to serve its customers. Galpin Honda also makes use of state-of-the-art equipment to guarantee high quality service for you. You can choose from their wide inventory of cars and you are guaranteed to have a hassle-free buying experience and have your car needs attended to without any trouble at all.

The Galpin Honda team members are courteous, professional and are always accommodating and friendly to those who come in the store. One of their team members is Nannette Ballesteros, who is dedicated to providing the best service customers wish for and deserve.

Nannette is half-Chinese and half-Filipino who has such an extensive professional background that she is able to communicate very well with any person who walks in the dealership. She also has a vast experience in traveling and is very approachable, friendly and vivacious. She makes sure that she takes the time to ask a lot of questions to understand her clients and their needs so they will receive the best advice when it comes to what car to buy.

When you purchase a car from Nannette, no doubt whatsoever will ever cross your mind—you will just feel you've made the best decision for yourself and your family. This was definitely the case for Romario Pineda. Before entrusting his car needs to Nannette and Galpin Honda, Romario, who is an active member in the Filipino community, said he tried to get car deals with other dealerships but it only left him frustrated. As someone who puts a lot of worth in the money he earns, he is very selective in the dealerships he visits before purchasing a car, determined to get the best deal he could.

"In Nannette, I have found somebody who is sincerely honest in the entire car-buying process," he says. "Nannette helped me buy a car at a fair price and one that satisfied my wants, needs and

budget. Most of all, I was not pressured to buy a car that did not match what I wanted and was not forced to buy a car at a time when I was not ready to do so."

"In most of the previous car deals I've negotiated, I have not returned to the same dealership to buy another

car," he continues. "With Nannette, I actually want to return and buy a car from a person that has, for all intents and purposes, been ethical in the entire car buying experience."

So if you are looking to get the best car deal, get in touch with Nannette at 1-866-661-3187.
