Kabalikat means, enhancing lives through community involvement

In our desire to touch the lives of Filipinos everywhere, we've embarked on various Kabalikat Community Partners in the hope of giving our kababayans and their children a better chance at a better life.

Our involvement with Gawad Kalinga and GILAS (Gearing Up Internet Access and Literacy for Students in the Philippines) are prime examples of our heart's desire.

And we will continue to seek out avenues where we can make a difference in Filipino's lives. We would like to enlist your help as well.

For inquiries about our Kabalikat Advocacies and how you can help or donate, visit us at www.seafoodcity.com and see for yourself what we mean when we say, *kayang-kaya kung sama-sama*.
