PUBLISHER'S NOTE

Go east AJ!

Whoever said 'East is East and West is West and never the twain shall meet?*

With this issue, the *Asian Journal* celebrates the life and style of the Filipinos in the east coast, particularly New York & New Jersey. But this exciting weekly journey does not stop in Manhattan, Queens or the Jersey Shores. Our reportage knows no borders. We go wherever we celebrate the Filipino Life and Style in America. This time we're headed east & beyond. Aptly called LifeEASTyle, this is where East meets best—the best in our arts and culture, events, entertainment and the exciting people and *Pinoys* who inhabit this lovely planet.
